

Sonoma County Water Agency Water-Use Efficiency Intern

\$12.45 - \$15.13 per hour. Approximately 20 hours per week.

Qualifications: Must be currently enrolled in a full time or part time academic or vocational curriculum at an accredited college or university.

Drivers License: Must be in possession of a valid driver's license.

Deadline to apply is March 12, 2014.

Job Description: The Water-Use Efficiency Interns support our Water Smart Home Program and will be performing indoor and outdoor water use surveys for retail water customers. The Water Use-Efficiency Intern will learn to identify water conserving fixtures, determine if a customer has a leak, learn how to complete a landscape audit and make recommendations for improving water conservation. Incumbents will have a training period and will then be responsible for scheduling their own appointments, performing audits and completing computer data entry of the findings.
