

Sonoma County Efficiency Financing Program News Update

PARTICIPANTS MOVE AHEAD TO INVESTMENT GRADE ENERGY AND WATER AUDITS

All program participants have completed the preliminary audits with promising results. Participants are now beginning to move into the Investment Grade Audit phase. Investment grade energy and water audits are a very thorough process outlining retrofits guaranteed to achieve financial savings and implemented by pre-qualified energy service companies. These audits must be at least within 90% of the savings identified through the preliminary audit.

For more information about the program, please visit www.sonomacountywater.org/scef or call Carolyn Glanton at 707-524-1182.
