

# Water Efficiency Program

For well users in the Sonoma Creek Watershed

All programs available on a first come, first served basis  
November 1, 2014 through March 31, 2015 while funding lasts.

## Save water and energy every day with new, water efficient fixtures and appliances.

The Sonoma Valley Groundwater Management Program has secured temporary funding to implement water use efficiency improvements in the Sonoma Creek Watershed.

### High-Efficiency Clothes Washer Rebate

Get up to **\$125\*** back on the purchase and installation of a new, qualifying high-efficiency clothes washer (HEW). A new washer can use 40 to 60% less water and energy than older, top loading clothes washers. High capacity HEWs use 18 to 25 gallons of water per load compared to 50 or more gallons for top loading models.

Use less water, less energy, and less detergent while cleaning your clothes better and with less wear and tear. New HEWs also remove more water from laundry during the spin cycle so loads spend less time in the dryer. The savings all add up to a great deal that can pay for itself in a few years.

Rebates are available for EnergyStar® Most Efficient designated clothes washers. For a listing of qualifying clothes washers, visit the EnergyStar® website at [http://www.energystar.gov/index.cfm?c=most\\_efficient.me\\_index](http://www.energystar.gov/index.cfm?c=most_efficient.me_index) or call (707) 547-1918. **Not all EnergyStar® models qualify** so be sure to check the list. Rebates are only available for clothes washers designated as "Most Efficient" except those containing silver ion technology.

### High-Efficiency Fixture Direct-Install

Get your older, water guzzling toilets replaced with new high-efficiency toilets. This no cost program covers the cost of replacing your toilets, showerheads and faucet aerators, including installation and recycling of your old fixtures. For more information and to register for this program, visit

[www.sonomacountywater.org/direct-install](http://www.sonomacountywater.org/direct-install)

### High-Efficiency Toilet Rebate

Get up to **\$150\*** back on the purchase and installation of each new, qualifying high-efficiency toilet (HET) from the *List of Qualifying Models*.

Replacing your older toilet saves water without sacrificing performance. The HETs on the list use 1.1 gallons or less and meet minimum performance standards.

For the *List of Qualifying Models*, please visit [www.sonomacountywater.org/rebates](http://www.sonomacountywater.org/rebates) or call (707) 547-1918. Toilets on the list flush at 1.1 gpf or less (on average for dual-flush models).

## REBATE APPLICATION FORM

### How to Participate

1. Read and understand the Program Eligibility and Rules.
2. Determine if your home is within the Sonoma Creek Watershed in Sonoma Valley (see map at [http://www.scwa.ca.gov/files/docs/projects/svgw/SV\\_Ground\\_Water.pdf](http://www.scwa.ca.gov/files/docs/projects/svgw/SV_Ground_Water.pdf)) or call (707) 547-1918.
3. Purchase and install your qualifying high-efficiency toilets (HET) and/or high-efficiency clothes washer (HEW) between July 1, 2014 and June 30, 2015. **Be sure that the model numbers match exactly** with those on the *List of Qualifying Models* for HETs or the *EnergyStar® Most Efficient List* for HEWs. HEWs with silver ion technology are **not** eligible.
4. Complete and sign the application form below and mail along with **original** purchase receipts/plumbers invoices to:

**Sonoma Valley Groundwater Management  
Water Efficiency Rebate Program  
404 Aviation Blvd  
Santa Rosa, CA 95403**

5. Please allow 6 to 8 weeks to process your rebate requests. Checks will be mailed to the address provided below.

\* Rebate amount can not exceed the cost of the HET or HEW excluding sales tax, delivery, installation or other fees, costs or accessories.

### Program Eligibility and Rules

1. Rebates are available November 1, 2014 through March 31, 2015 while funding lasts.
2. Your home is located within the Sonoma Creek Watershed in Sonoma Valley.
3. Your new toilets and/or clothes washer have been installed at the property listed below and your rebate application is received or postmarked within 30 days of purchase or delivery. All purchases must be made between November 1, 2014 and March 31, 2015 to be eligible.
4. Incomplete applications and those without original purchase receipts will be returned.
5. For High-Efficiency Toilets:
  - Your home must have been built before 1992.
  - The toilets you are replacing are designed to flush at more than 1.6 gallons per flush (generally, toilets manufactured before 1992).
  - Your new toilets are on the *List of Qualifying Models*.
  - Your old toilets were properly recycled or disposed of.
6. For High-Efficiency Clothes Washers:
  - Your new clothes washer is an EnergyStar® Most Efficient listed model.
  - Your old clothes washer was properly recycled or disposed of.
