

FY 2010-11 BUDGET
BUDGET SECTION SUMMARY

Section Title: SOUTH PARK COUNTY SANITATION DISTRICT

A. Program Description

This budget finances administration of a collection system and pumping stations which serve the South Park area. Raw sewage is transported to the City of Santa Rosa for treatment and disposal. Treatment and disposal are covered by an agreement between the two entities.

E. Summary of Issues and Significant Changes

The requested rate per ESD for FY 10-11 annual service charges is \$778, representing a 2.0% increase from FY 09-10. Annual sewer service charge revenue, adjusted for the anticipated number of ESDs and an estimated delinquency factor, is projected to increase from the FY 09-10 budget. This revenue change is due to the rate increase.

The South Park County Sanitation District (South Park CSD) provides service to the South Park area using a gravity collection system and lift station at Todd Road. Wastewater from South Park CSD is treated and disposed of by the City of Santa Rosa at the Laguna Subregional Treatment Plant on Llano Road. In July of 1996, the City of Santa Rosa accepted responsibility for the operation and routine maintenance of the collection system.

An agreement for transfer of responsibility to the City of Santa Rosa of collection system operation and maintenance, and subsequent dissolution of the South Park CSD, was finalized in February of 1996 and amended. This agreement includes a provision that the South Park CSD will be dissolved and transferred to the City of Santa Rosa no later than June 30, 2011. The agreement also requires the South Park CSD to replace, slip-line, or repair 41,610 feet of the collection system and upgrade the Todd Road lift station before transfer of the South Park CSD to the City of Santa Rosa.

South Park CSD has or is planning to replace four sections of the collection system between FY 06-07 and FY 10-11. Projects identified include: Moorland Avenue Phase II and Biwana Drive. The collection system projects identified above, along with previously completed projects or projects currently underway, will fulfill South Park CSD's responsibilities as required in the dissolution agreement with the City of Santa Rosa. The South Park CSD issued \$3.1 million in revenue bonds in FY 00-01 to enable it to meet its capital replacement obligations along with the HVOC remediation costs explained below.

On December 22, 1998 the NCRWQCB released a draft Cleanup and Abatement Order (CAO) for halogenated volatile organic compounds (HVOCs) found in soil and groundwater in the vicinity of Sebastopol Road and West Avenue in the South Park CSD service area. The draft CAO specified that HVOCs found in the soil and groundwater are the result of the discharge of these chemicals from dry cleaning operations into the South Park CSD collection system. The draft CAO further specifies that the HVOCs subsequently leaked from the collection system to adjacent soil and groundwater. Potential costs for investigation, remediation, and legal work related to the draft CAO are substantial (\$2-10 million). In FY 99-00, South Park CSD received a \$500,000 loan from the County of Sonoma General Fund to assist in the first phase of the Plan of Action for HVOC Investigation and Mitigation which South Park CSD has repaid as of FY 04-05. The South Park CSD, County of Sonoma, and the NCRWQCB continue to work cooperatively to deal with this issue.

7206 Equipment Usage Charges

This item is requested to provide funds for equipment usage.

7217 State Permits / Fees

This account records the cost of obtaining the South Park CSD issued by the Regional Water Quality Control Board.

Character Title: Other Charges

Character No.: 654103-75

7920 Interest

This account reflects the interest expense for the State Revolving Loan for Biwana Drive Collection System Replacement. The interest rate is 3.0%. Payments will begin 2011 to and continue annually until 2031.

7961 Sewer Capacity Rights

South Park CSD participates with the cities of Santa Rosa, Rohnert Park, Cotati and Sebastopol in the Santa Rosa Subregional Sewage System. Santa Rosa provides the treatment for raw sewage for the other participating entities. This payment, required by agreement, is South Park's share (based on capacity needs) of the cost of operations and improvements to the subregional facilities and the bonds used to finance them. Prior to the annexation of the Roseland area of South Park by the City of Santa Rosa, the South Park CSD's sewer capacity charge was based on a capacity in the Subregional Wastewater Treatment Plant of 700,000 gallons per day.

7980 Depreciation

Generally Accepted Accounting Principles require that depreciation be expensed each year.

Character Title: Other Financing Uses

Character No.: 654103-86

8625 OT - W/in Special Dist - BOS

This account reflects the transfer of cash from the Operations Fund to the 2000 Revenue Bond Fund necessary to satisfy the annual debt service payment on the bonds (\$268,978). The amount to be transferred is determined from the debt service schedule for the bonds. An additional \$4,000,000 will be transferred to the Construction Fund for capital projects.

Character Title: Appropriations for Contingencies

Character No.: 654103-90
