

Bingo Game Instructions:

1. Print the *Water Conservation Bingo Question Cards* double sided.
2. Give each student a bingo game card and some type of marker such as pennies, paper squares, or beans, etc.
3. Without showing students the picture, read the question on the back of the card.
4. Have the students look at their bingo card and call out the answer. When they get it correct show them the picture. Ask the students follow up questions such as how does this save water?
5. To win, students must call out BINGO when they get either 4 in a row going across, up and down, or diagonally.
6. To verify that they've won, the winning student should read their answers out loud.
