

# Water Play

Clyde needs to catch 5 fish for dinner. He has caught 3. How many more fish must he catch?

PICNIC ISLAND

300 METRES

CLYDE'S BOAT

200 METRES

How many boats are tied to the dock?

How many boats are out fishing?

How many boats are there all together?

Clyde's boat is sinking. Is he closer to the buoy or the island? \_\_\_\_\_

How much closer? \_\_\_\_\_

# A Water Mystery - Where Did It Go?

Pour enough water on cement or asphalt to make a small puddle. Use chalk to draw a circle around the puddle. Guess what will happen to your puddle by tomorrow.

My guess about the puddle is \_\_\_\_\_

What really happened to the puddle is \_\_\_\_\_

Where did the water go? \_\_\_\_\_

How many words  
can you make out of  
the letters in...

W A T E R
